

SmartPOS 80 powered by HYUNDAI-ITMC

SmartPOS 80

The SmartPOS 80 is a new self-service kiosk for retail stores and quick service restaurants. It delivers elegant look with an 32inch touch, printer and scanner, easy installation, and quick maintenance.

Kiosks are the interface between stores and customers. Look and feel do matter, as they affect customer experiences. The curved structure adds elegant style to the SmartPOS 80. This elevates store space and enhances friendliness for customers.
